

## About the Wisconsin Veterans Home at King

The Wisconsin Veterans Home at King provides care for military veterans and their eligible dependents. We are a 721 bed skilled nursing facility (nursing home). There are four separately licensed buildings on our campus. We have a dedicated and compassionate interdisciplinary team of health care providers. Nursing is our largest employee group numbering more than 500 personnel. WVH-King has been serving veterans for almost 130 years. In today's health care environment, that is extraordinary. We share a deep commitment for serving veterans; recognizing the service and sacrifice each veteran and his/her family has made for our state and nation. However, we are only as strong as our employees. Our staff is the foundation for a sound and viable agency as we head into the future.
