Data and Information Services

**Counts of Wisconsin Veterans Receiving Compensation by Combined
Evaluation and Age Group**
Data Request

Summary

Data and Information Services (D&IS) provide the following response to a request from the VBA Milwaukee Regional Office received on May 22, 2007.

RO Milwaukee Request

The RO Milwaukee requested a count of Wisconsin veterans receiving compensation with a combined evaluation of 60% or higher, or receiving Individual Unemployability, by combined evaluation and age groups. This information is to be obtained from both the Compensation and Pension Master Record (CPMR) and from VETSNET.

D&IS Response

D&IS identified **13,382** Wisconsin veterans receiving compensation with a combined evaluation of 60% or higher or receiving Individual Unemployability. Veterans with a 100% evaluation and IU are included in the 100% count. All other veterans receiving IU are included in the IU count, not in the combined evaluation counts. The following table provides the requested counts:

Combined Evaluation	65 and Older	Under 65	Total
60%	710	1,872	2,582
70%	305	1,117	1,422
80%	221	592	813
90%	71	246	317
100%	1,131	3,208	4,339
IU (Not 100%)	1,379	2,530	3,909
Total 60% and Higher (Not IU)	2,438	7,035	9,473
Grand Total	3,817	9,565	13,382

Veterans Benefits Administration

Data and Information Services

Wisconsin veterans were identified based on the mail code in the CPMR. This code is based on the veteran's address. Wisconsin veterans in VETSNET were identified by the state code in the address of record.

Sources

D&IS used the following two sources to prepare this response:

- The end of month May 2007 Compensation and Pension Master Record files
- All VETSNET (Corporate Awards) files received as of May 30, 2007
